

COST SAVING PHARMACY PROGRAMS

Avoid overpaying for prescriptions

- GoodRx offers discounts for thousands of drugs without using insurance.
- Use GoodRx coupons at more than 70,000 local and mail-order locations.
- You cannot use insurance with GoodRx.
- Visit [GoodRx](#) or the GoodRx app.

- Mark Cuban's CostPlus Drug Company has 100+ generic drugs.
- If your prescription is available on the site, your primary healthcare provider can fill it and submit to CostPlus.
- Visit [CostPlus Drug Company](#).

- Amazon Pharmacy provides medications through 60,000+ pharmacies.
- Once your prescription is validated on your profile, you can check out.
- Many payment options, including insurance or Prime member discounts (like RXPass, a \$5/month subscription for generic prescriptions).
- Visit [Amazon Pharmacy](#).

TESTIMONIALS

"I was spending \$300 a month for a generic prescription with insurance. I went through GoodRx and now pay \$50."

- TQL EMPLOYEE

"GoodRx has come to my rescue on several occasions, allowing me to obtain prescriptions which otherwise would have been out of my price range."

- GOODRX CUSTOMER

WHY WOULD I USE THESE?

Discount programs often don't work with insurance companies. If you don't plan on hitting your deductible you might **save more** if you use **GoodRx** instead of your insurance for certain medications.

Have questions? Reach out to HRbenefits@tql.com

Disclaimer: When using GoodRx, the amount you pay will not count towards your deductible.
